April 2, 1934

I am writing to ask if you will kindly consider giving me your assistance in reducing my sentence by granting me some good time. I have less than one year left of a ten year sentence, all of which I have served in the mines. Approximately five years of that time I have been employed as Motorman, pump man, electrician in the telephone shop. For one year I was employed every day (Sundays included) running the electric pumps in mine and now in the shop repairing and rebuilding telephones. Regarding the manner in which I have worked in the departments mentioned above I respectfully refer you to Mr. Marchewski, the Pit Boss under whom I work. My record for department is of course available. If you find my record and work here worthy of your consideration and feel that you can to extend me the clemency that your authority permits, I assure you it will be very much appreciated.

Yours Respectfully,
N. D. D.

Mr. O. D. Sigfried

Dear Sir,

We bought our home from John J. McGinty in the Spring of 1920. The last we heard of him was that he was sick and the last time he saw my husband was in the early summer of '32 and we have not seen his step-daughter Edith Oarish Maher (Mrs J. Maher) since her grandmother Mrs. Stichey died about six years ago. There are several Maher families in the Directory but none I could identify as them, and I recalled that his relatives had left town.

John J. McGinty's wife Elizabeth a. died about 1923.

I know nothing of Mr. McGinty's sister who once lived here also.

When they sold us the house they moved to a farm outside the city, where Mrs. Mc Ginty died, and her daughter lived awhile; John Mc Ginty working in town the while. He disposed of that property and bought another ^{farm}, later but my husband didn't know where and later Edith Mahr bought a farm I was told and has not called on people I know. They just seemed to drop out of sight.

If he calls on my husband at his place of business we'll get his address and forward it to you.

John F. Mc Ginty's father has not been living ^{since} about 1915. He worked on our home before that in building it.

I am sorry that I have been unable to get the addresses as you wished.

Yours Truly

ADMINISTRATIVE DIRECTIONS

- Government property will be transported on the prescribed form of Government bill of lading (original, memorandum, and shipping order), which will be identified by serial numbers.
- Through bills of lading will be issued in all instances between initial and ultimate points, except when such advantages to the Government may be otherwise secured.
- When shipments are made under contract or special rates, notation of such fact should appear on the face of bills of lading.
- Officers charged with the duty of providing or securing Government transportation should familiarize themselves with land-grant railroads in order that shipments may be made at the lowest rates available to the Government by the use of such lines, or lines equalizing rates therewith.
- Public property may be delivered by any Government officer or agent to the Quartermaster Corps, U. S. Army, which will ship the same under its regulations. (23 Stat. 111.)
- Bills of lading must describe shipments of articles by their commercial names, giving separately such weights, dimensions, and manner of packing as may be necessary to ascertain classifications and rates and to enable recovery in case of loss or damage.
- If the number of articles to be shipped be too great for the blank form (original, memorandum, and shipping order), extra sheets of the prescribed form should be used, and so attached and designated as to be but one bill of lading, under one number.
- Each bill of lading when submitted for settlement shall cover charges to office or service only. The name of the office is inserted at the top of bill of lading. Correspondence regarding transportation accounts shall be addressed to the particular office or service and reference made to the serial number of the Government bill of lading included in the company's bill.

Notice is hereby given the carrier to whom this bill of lading is surrendered that the shipment was received in condition shown below and that claim is made for the value of such loss, damage, or shrinkage, as indicated.

Explanation regarding loss, damage, or shrinkage to be made by consignee, who will state all the facts available concerning the nature or extent of the loss, damage, or shrinkage, and how it occurred.

The within shipment was received with the following loss, damage, or shrinkage:

Weight of such articles: _____ pounds

Invoice value or cost of repairs, \$: _____

I certify that the facts noted above are correct.

GENERAL CONDITIONS AND INSTRUCTIONS

CONDITIONS

- It is mutually agreed and understood between the United States and carriers who use bills of lading that:
 - Prepayment of charges shall in no case be demanded by carrier, nor shall collection be made from consignee. On presentation to the office indicated on the face hereof of this bill of lading, properly accomplished, attached to freight voucher prepared on the authorized Government form, payment will be made to the last carrier, unless otherwise specifically stipulated.
 - Unless otherwise specifically provided or otherwise stated hereon, this bill of lading is subject to the same rules and conditions as govern commercial shipments made on the usual forms provided thereby by the carrier.
 - Shipments made upon this bill of lading shall take no higher rate than would be charged had the shipment been made upon the uniform straight bill of lading or uniform express receipt.
 - No charges shall be made by any carrier for the notation and presentation of bills of lading in duplicate and form as provided by the instructions hereon.
 - This shipment is made at the restricted or limited valuation specified in the tariff or classification at or under which the lowest rate is available, unless otherwise indicated on the face hereof.
 - Receipt of the shipment is made subject to the "Report of Loss, Damage, or Shrinkage" noted hereon.
 - In case of loss, damage, or shrinkage in transit, the rules and conditions governing commercial shipments shall not apply as to period within which notice thereof shall be given the carriers or to period within which claim therefor shall be made or suit instituted.

INSTRUCTIONS

- Essential information, or situations in bills of lading must be authenticated and explained by the person making them.
- Shipping order, original bill of lading, and memorandum bill of lading should be used in making a shipment. Only one original bill of lading will be issued for a single shipment. The shipping order should be furnished the initial carrier. The original bill of lading and memorandum copies should be signed by the agent of the receiving carrier, returned to the consignee, and the original promptly mailed to the consignee. The consignee on receipt of the shipment will sign the consignee's certificate on the original bill of lading and surrender the bill of lading to the last carrier. The bill of lading then becomes the evidence upon which settlement for the service will be made. Memorandum copies of bills of lading may be used as administrative office direct.
- In the absence of the consignee, or on his failure to receipt, the person receipting will certify that he is duly authorized to do so, reciting such authority.
- In no case will a second bill of lading be issued for a shipment, nor will a bill of lading be issued after the transportation has been performed. In case the bill of lading has been lost or destroyed, the carrier shall be furnished by the consignee with a "Certificate in Lieu of Lost Bill of Lading," on the standard form prescribed therefor which, when finally consummated by acknowledgment of the "Certificate and Waiver by Transportation Company," shall accompany the bill for services submitted by the carrier to the officer charged with the settlement of the account. Should the original bill of lading be located after settlement has been made on the certificate, it will be forwarded to the administrative office of the department concerned for transmittal to the General Accounting Office.
- To insure prompt delivery of property, in the absence of the bill of lading, the consignee should give to the carrier a "Temporary Receipt," executed on the prescribed form, for the property actually delivered. On the recovery of the bill of lading, or when the certificate provided for above shall have been given, a statement will be indorsed on said bill of lading or certificate of the fact of the delivery as per said temporary receipt, and the said temporary receipt will be indorsed with reference to the bill of lading or certificate sufficient to identify the same, and both papers attached and forwarded with the claim for payment thereon.
- In case of loss or damage to property while in the possession of the carrier, such loss or damage shall, when practicable, be noted on the bill of lading or certificate in lieu thereof, as the case may be, before its accomplishment. All practicable steps shall be taken at that time to determine the loss or damage and the liability therefor, and to collect and transmit to the proper officer, without delay, all evidence as to the same. Should the loss or damage not be discovered until after the bill of lading or certificate has been accomplished, the proper officer shall be notified as soon as the loss or damage is discovered, and the agent of the carrier advised immediately of such loss or damage, extending privilege of examination of shipment.
- Bills must be submitted by the general officers of service, and on forms furnished by the Government, to be obtained from the Public Printer, Washington, D. C.

1. The first step in the process of the investigation is the identification of the subject. This is done by the use of a list of names and addresses of persons who are known to be in the area of interest. The list is then checked against the records of the local police department to determine if any of the persons listed are known to be in the area of interest.

Dear Ruth's family guess you

and had a little cold snap also
some snow but it didn't last long
it's all gone now and nice again
had a letter from Tod again and
he wanted a pen & pencil so I am
writing him to day to and sending
it to him he said he is getting
along just fine and I do hope he
is and this will be a lesson to
him and he will be a good boy
when he gets out. he sure was
a naughty boy while here with us
we were so good to him and we
all just begged him to be good and
get him everything he wanted but
it did no good so we gave it up
we all liked him so well. Here is

as ever Isabelle.

Mrs. D. Rockefeller
Dear Sir

Cleveland Ohio
Jan 6-1936

This is Mrs. Owen D. Young from the heaven delivering to you one more message from the merciful omnipotent God in the Holy Trinity, the Father, the Son, and the Holy Ghost. That on the New Year's day at 12 A.M. the Almighty God in the Holy Trinity was sited upon the Seat of His Majesty to review His Holy justified double wrath upon ^{you} as He proclaimed on the 1935 birth day of the ^{God's} divine ^{son} Jesus Christ. And after the four hours prayer of the all holy Saints, and the all holy Angels, the God in the Holy Trinity did not wanted to grant His Holy leniency to you, But upon the prayer of the Holy Mother of Jesus Christ, when she prayed to the God in the Holy Trinity, the Father, the Son, and the Holy Ghost. Then Her Son Jesus Christ Who is our dear Saviour, and also Who is our merciful Judge, granted His Holy leniency, by with holding His Holy demnation to the 30th day of Jan. 1936. But He did doubled the amount from \$500,000 to \$1,000,000, and in the postponding of His Holy double wrath against you. He said that you must send this poor, and sick Gentleman the sum of \$1,000,000, on or before Jan. 30th, 1936, and that immediately you should start your's strict penance, with out any postponding it, and that you must be more charitable to every one who will ask you for the charity. But if you fail to do this on the specified date. Then on the 22nd day of Jan. 1936 at 12 P.M. He will place His Holy justified double wrath upon you, and then no prayer He will accept. And further saying said, I did blessed him with such a great wealth that he himself, and even his whole generation shall be unable to use it. And by his greedy stubborn selfishness shall credulously and blasphemously conducting himself against my holiest wishes. And the merciful Judge Jesus Christ instructed me to remind you these following words which He did said them while He has been teaching the whole nations upon

the earth before He has been crucified. ^{#2} Say to said. Thou shalt love the Lord thy God with thine whole heart, with thine whole soul, with thine whole mind, with thine whole strength, and thou shalt love thine neighbor as thyself. Blessed are the merciful, for they shall receive mercy. Be merciful as your Father who is in the heaven is also merciful. And as it shall be given to you. For what shall it profit a man, if he gain the whole world, and suffer the loss of his soul? Or what shall a man give in exchange for his soul? Lay up not to yourselves treasure on earth, where the rust, and the moth consume, and where thieves break through, and steal. But lay up to yourselves treasures in heaven, where neither the rust, nor the moth doth consume, and where thieves do not break through nor steal. For where is thy treasure is, there is thy heart also. Amen I say to you that it is easier for a camel to pass through the eye of a needle, than for a rich man to enter into the Kingdom of heaven. And when the son of man shall come in his Majesty, and all the Angels with him. Then he shall sit upon his seat of his Majesty. And all the Nations shall gather together before him, and he shall separate them one from another, as the shepherd separated the sheep from the goats. And he shall set the sheep on his right hand, and the goats on his left. Then shall the King say to them that shall be on his right hand, Come ye blessed of my Father, and possess you the Kingdom which was prepared for you from the foundation of the world. For I was hungry, and you gave me to eat, I was thirsty, and you gave me to drink, I was a stranger, and you took me in. Naked, and you covered me, I was in prison, and you came to me, sick, and you visited me. Then shall they just answer him saying, Lord when did we see thee hungry, and fed thee. Thirsty, and gave thee drink. Or when did we see thee a stranger, and took thee in. Naked, and covered thee. Or when did we see thee sick, or in prison,

and came to thee. And the King answering them shall say. Amen I say to you. As long as you did it to one of these my least brethren. You did it to me. Then he shall say to them That shall be on his left hand. Depart from me you entered into the everlasting fire which was prepared for the devil and his Angels. For I was hungry, and you gave me not to eat. I was thirsty, and you gave me not to drink. I was a stranger, and you took me not in. Naked, and you covered me not. Sick, and in prison, and did not come to me. Then they also shall answer him saying. Lord when did we see thee hungry, or thirsty, or a stranger, naked, sick, or in prison, and did not minister to thee. And he shall answer them saying. Amen I say to you, as long as you did it not to one of these least, neither did you do it to me. And these shall go into everlasting punishment, and the just into everlasting life of a great enjoyment. Heaven, and earth shall pass away, but my words shall not pass away. Watch you therefore because you know not the day nor the hour when the Lord shall call upon, and say. Give me the full account of your's Stewardship. For you shall steward no more. So dear Johnny these are the words of our dear Saviour, and also of our ^{Jesus Christ} merciful Judge. And to day on the 1936th commemoration of the celebration of the visit of the three ^{Kings} that came from the East to visit the little child Jesus Christ, they were Kings of the earth. But they came to adore the heavenly King. Who is the King for all the Kings. And on this celebration, the merciful omnipotent God in the Holy Trinity sent me to deliver his Holy last, and the final message to you. Dear Johnny, you should know, you should believe, and you should understand that Jesus Christ is the divine Son of the merciful omnipotent God, and He is the

Who opened the Gate of Heaven for us all. At the
He offered Himself to His Father to ascend again to
Heaven upon this earth. And later He descended from Hea-
ven into the womb of a Virgin Mary, and then was born
to the age of thirty years. He became a teacher, and taught
us of how to love the Lord, and how to serve Him. He
has been teaching them. He made lots of His Holy Writings, and
Miracles, and at His omnipotent words, and deeds, the
sick, healthy, blind could see, deaf could hear, lame could
walk, dumb could talk, leprosy was clean, and even the
dead were arising. He was born very poor. He had to be
born in a human body, because as the God in the Spiritual
He did not suffer, but as the God in the Spiritual, and as the
God in a human body suffered lots, and thereafter died
with the horribly suffering upon the Cross. Why He lowered Him-
self so low, and why He allowed himself to die upon the
Cross? Because He loves us all, but He loves more the
poor than the rich, because the poor have always more
suffering, than the rich. Dear Johny please remember this.
That I am not the author of the former letters, and also am not
of this last one. But the Holy Ghost is the author of them all.
He says them through my lips to this Gentleman, and he
is the one that writing, and sending them to you. But he
is doing this at the command of the Holy Ghost. As by the
74 of years of his terribly suffering in his agony, He
found the grace of the merciful omnipotent God in the
Holy Trinity, as he is the only one in the U.S. that the
merciful God can use him for His messenger. Dear
Johny, I am hoping that this time you will throw off the
greedy stubborn selfishness from you heart, and
and also hope that you will fully comply with all the
wishes now, and that thereafter we all together will have
the everlasting enjoyment in the Kingdom of Heaven.
Paradise Amen. Mrs. Owen D. Young, by C. M. Brown

"Mr. Chas. McGee

St. Paul, Minn

Dear Doctor;

I am enclosing herewith two letters which please deliver for me at once. Deliver them both to my father at the house -- 855 West 7th St. or at the office wherever he may be - It is very important that they be delivered right away as it means a lot to me - Be sure however not to say a word to anyone else that you have been given these letters to deliver. The reason I am writing to you is because I know you can be trusted not to say anything.

Edward G. Bremer"

"Friday Evening

"Dear Walter;

I'm sorry to have called on you but I felt you were the old standby. Assure Emily & Pa that I'm allright. I knew you would use your head & work on this all alone - no police. The people that have me have given the impression that you are not working alone. Walter please do. I know you will for me. I've been told that the reason the first plan was not gone through with was because you were working with the police. Again I say please work all alone & I'm sure everything will come out allright. Be sure now - no strings attached. You & you alone. These people are going to give you a new plan. Work according to their directions - & again I say - alone - no police - just you.

Edward

E. G. Bremer"

"Friday Evening

"Dearest Patz,

Please don't worry. I hope everything will come out allright. Tell Hertz to be a good little girl, her daddy is thinking of her all the time and to see you & her again is all that I want. I suppose you are worrying about the blood in the car. I have a cut on my head which bleed a lot but it has been dressed & is allright now. Tell Pa too not to worry. I'M treated nice & the only thing I have to ask is to keep the police out of this so that I am returned to you all safely.

Yours,

Ed"

"Chas. McGee

If you can wait O K. with us. You people shot a lot of cureves trying to get somebody killed then the copper's will be heroes but Eddie will be the marteer. The copper's think thats great but Eddie dont.

Were done taking the draws and you can do now. From now on you make the contact. Better not try it till you pull off every copper, newspaper, and radio station. From now on you get the silent treatment until you rech us someway yourself. Better not wait too long."

"Chas. McGee

You will be instructed how to deliver it

The money must not be hot as it will be examined before bremer is released

"My Dear Father Deere;

I am calling on you as a representative of God to do
something for me. It must be a secret - every bit as much as a
confession & under these circumstances I am calling on you.
Enclosed herewith is a letter addressed to my father. This
letter is to be delivered to him - unopened & may I take the
privilege of asking you to be the good Samaritan.

If you listen in on the radio & read the St. Paul
paper y u will have heard or seen that my father has made a
special appeal to everyone to not interfere & let him work on
my being returned alone.

Note addressed, My Dear Father Deere" continued:

It is therefore necessary that some one take this letter to him, someone whose coming to see him will not create any suspicion & I could think of no-one better than you.

Please take this letter to my father at once. It may be asking a lot but it means so much to me. Go to the house as you usually do, to pay him a visit but don't let on to anyone that you have this letter. Don't give him the letter when anyone else is present. You can make the opportunity so that you are alone with him.

Thank you for your kindness in doing this for me & may God speed you on your way.

Ever Appreciative

Edward Bremer "

"My Dear Lil;

As my old standby I am calling on you to do something for me that it seems no-one else can do. I must get the enclosed letter to my father -- unopened -- & I know if I intrust it in your care it will be done. I suppose you know that my father has made a special appeal to everybody police & government officers included to lay off for three days so that he can make his own arrangements to get me back. Now the next thing is -- is to get the instructions to him -- & you old pal will not fail me I know.

As soon as you receive this note take it to my father -- please. Be sure that no-one knows that you have received it. When take it don't say anything about it. If anyone stops you to ask you what you want tell them you have some bank matters to take up with him or anything else you want to tell them but don't let on about this letter. When you get to see my father be sure you are alone with him when you give him the letter. I know I don't have to tell you any-more because you always understand.

Please girl hurry -- but don't loose your head -- I know you wont & I'm sure you'll do just as I ask you to. We always did understand each other.

Note addressed "My Dear Lil" continued:

Its a living hell here & the time I've been here seems like ages. Please do your part & I'm assured I'll be home soon -- Please Hurry & be careful

Dear Dolores

I haven't been able to write you before, but I have heard through Babe.

I see by the paper that you were taken to Florida, but we haven't heard from you, or anything about the baby.

Dolores I am awfully anxious about the baby, and you too. Now you write me and tell me all about yourself and the baby. Who did you leave it with? And were they to take the baby to me. I am going to see my lawyer today when I go out.

Dolores, there isn't anything I can say to you except I am awfully upset.

I have had Hassel said for you.

And please don't forget your prayers.

Lovingly,

Mother.

P. S. Don't you write me at once.
